

## Knott Laboratory Insurance Seminars Continuing Education Credits

The following educational presentations can be provided for you and your colleagues in our highly technical multi-media center, or we can present them at your location. Our presentations are comprehensive in nature and satisfy Wyoming and Colorado continuing education requirements. (Not all courses are currently approved in Colorado, with advanced notice we will submit any of our courses for Colorado approval.) Contact Karen Mellentine at Knott Laboratory for more information at Tel: 303-925-1900, or email: karenm@knottlab.com.
